

Madison County, AL Community Safe Rooms/Shelters - FEMA 361 Compliant

March 2021

DISCLAIMER: The following list of community storm shelters in Madison County is provided for informational purposes. Each community shelter is managed separately in the community it serves and has its own criteria for opening and closing and may not always be available. The Huntsville-Madison County Emergency Management Agency does not manage any community storm shelters and cannot guarantee the safety of any individuals in a community storm shelter or any other storm shelters opened by churches, civic groups, etc. Generally, community shelters are opened during Tornado Watches. Sometimes tornadoes can occur even when the Storm Prediction Center has not issued a Tornado Watch and therefore, access to a community storm shelter may not be possible in those situations. The time to go to a community storm shelter is during a Tornado Watch before conditions begin to deteriorate, not when a Tornado Warning has been issued for the area. Traveling during a Tornado Warning is dangerous and could lead to serious injury or death and is not recommended.
